The visits

Straight to the point

With a glass of terroir wine, we walk by the vineyards and give a glimpse to the winery, highlighting our history, land, and philosophy. 30 min.

€10

Among the vines and between the barrels

Starting from our vineyards, and with a glass of terroir wine at hand, we discover our history, our terroir, and the agronomy philosophy driving us. In the winery, after filling the glass with a principle wine, we proceed towards the vinification vessels, highlighting the ideas giving impetus to our wines; we end the visit with the tasting of a wine in élevage. 90 min.
